KADEL GLADIOLUS

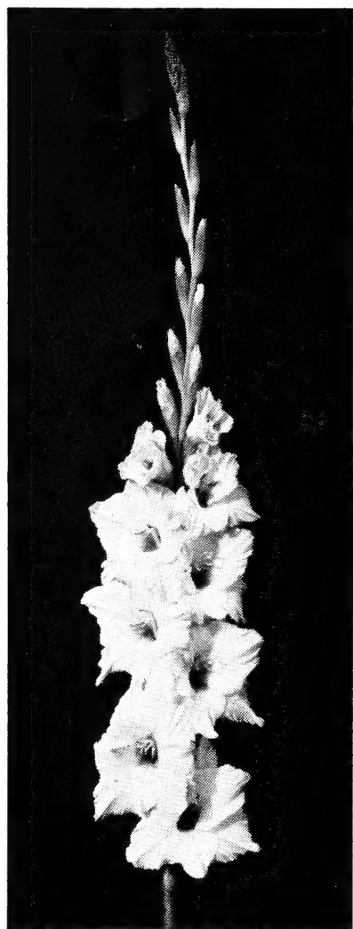

- 1951 -

FAIRYLAND

BYRON KADEL

1202 COLEBROOK ROAD
LEBANON, PA.

CLARENCE D. FORTNAM

CLASS 440

Clarence D. Fortnam, a 1950 introduction, is a very beautiful, heavily ruffled, blush pink Glad. Its 5" needlepoint florets are borne on a 24" flower-head with 8 of its 21 buds open and another 8 showing color. Its heavy substance, tight attachment and excellent keeping qualities make it a very promising cut-flower variety. Bulblet production and germination are excellent.

While we do not have a complete record of its winnings for 1950, those we do have help make a very impressive record for so new a Glad. To date, in addition to many blue ribbons in the color classes, it has won 3 grand champion and 2 second-day champion awards, 4 "*most beautiful*" awards, and 2 American Home Achievement Medals. Perhaps its most outstanding success as a show flower was achieved at the Eastern International Show this past season where one spike received the distinction of being grand champ, "*most beautiful*" and best recent introduction.

Large bulbs, \$5.00 each; medium, \$4.00 each; small, \$3.00 each; bulblets, 50¢ each. 10 bulbs of any one size may be purchased for 8 times the single price.

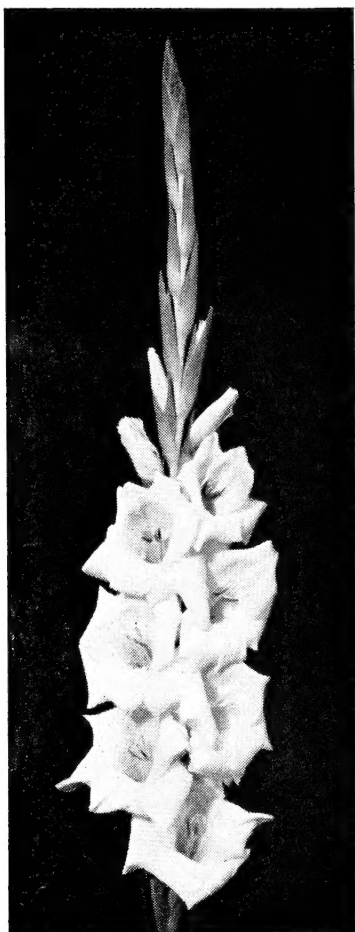

FAIRYLAND

CLASS 360

The illustration of Fairyland on the cover describes better than words the form, ruffling and decorative value of this Glad. The color is a medium rose with an inconspicuous throat mark of a deeper shade. Florets are 4" in diameter, flower-head 22" and overall height 50". Stem is straight and strong. Propagation is excellent.

At the time of its introduction, one year ago, Fairyland was recommended chiefly for its decorative value. Reports which we have received from those who grew it last season seem to confirm this evaluation, namely, that it will be an excellent commercial variety. One large cut-flower grower who tried it in the North last summer has just purchased additional bulbs for Florida trials this winter. We hope you will like it too.

(L 1-75¢; 10-\$6.00) (M 1-60¢; 10-\$4.80) (S 1-40¢; 10-\$3.20)
(Bblts. 10-60¢; 100-\$4.80)

FORMALITY

CLASS 366

Formality is a blush lavender Glad., with a cream throat. The 4" florets with recurved petals are close-set without crowding. This gives the spike a quite formal appearance, especially so when 8-10 florets are open at the same time. The 24" flowerhead carries up to 22 buds. Because of its precise form and habits we believe it will be hard to beat on the show table in the 300-section. Propagation is good. It blooms in 88 days from cold storage.

The above is our description. We like better the description of Formality as it appears in a current article on the — "Best Three" in each color class. We quote in part; "Formality is perhaps the 'find' of the year as to preciseness of spike and beauty of floret form — Placement and attachment are both well nigh perfect — Color is much clearer and cleaner than any of the other blush varieties I know of."

(L 1-\$1.00; 10-\$8.00) (M 1-75¢; 10-\$6.00)
(S 1-50¢; 10-\$4.00) (Bblts. 10-60¢; 100-\$4.80).

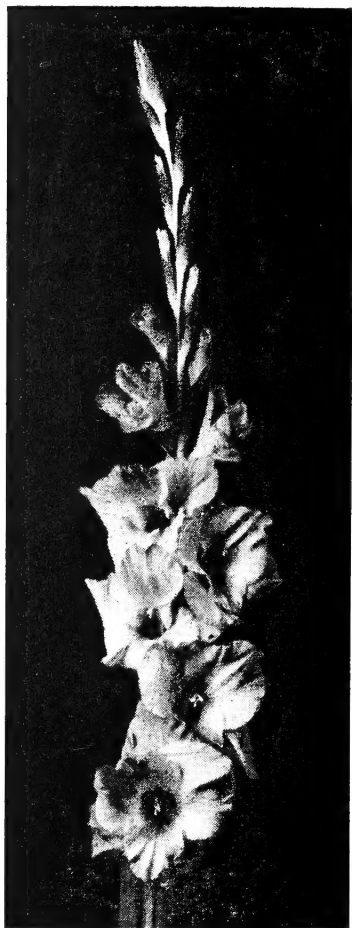

INVITATION

CLASS 342

Invitation is a sister seedling to Formality and has much the same form with plain, recurved petals. Its color is a pure, deep pink with a cream throat. It grows to a height of 54" with a 24" flower-head. It opens up to seven 4" florets with 7 more showing color. Propagation is extremely rapid.

While it wins easily for us in the 342 class, we believe its greatest value is as a cut-flower. The purity of its color caused local florists to ask for it again and again this past summer.

(L 1-\$1.00; 10-\$8.00) (M 1-75¢; 10-\$6.00) (S 1-50¢; 10-\$4.00)
(Bblts. 10-60¢; 100-\$4.80)

JOURNEY'S END

CLASS 532

A giant salmon red, the throat and petal margins being a deeper shade than the rest of the flower. Its 6" florets are carried high on a tall, strong stem. It is early. Journey's End never fails to attract. Its chief fault is that bulblets are often slow to germinate unless held over until the second year.

(L 2-25¢; 10-\$1.00) (M 3-25¢; 10-75¢)
(S 4-25¢; 10-50¢) (Bblts. 20-25¢; 100-\$1.00)

RED PENNY

CLASS 336

A live orange-red especially valuable as an early cut-flower and as a seed parent in breeding. A healthy, vigorous grower which propagates easily.

(M 4-25¢; 10-50¢) (S 10-25¢).

SPRING SONG

CLASS 466

This is an early, lavender Glad., which is recommended for the early cut-flower trade. Florets are large, ruffled and have a throat marking of a deeper shade. Like many early varieties it does best when it can make its early growth in cool weather. It is therefore not recommended for show purposes.

(L 1-20¢; 10-\$1.60) (M 1-15¢; 10-\$1.20) (S 1-10¢; 10-80¢)
(Bblts. 20-25¢; 100-\$1.00)

TEMPTATION

CLASS 470

A radiant, self-purple which opens six 5" florets with six more showing color on an 18-bud spike. Bulblet production is heavy and germination excellent.

(L 1-\$1.00; 10-\$8.00) (M 1-75¢ 10-\$6.00)
(S 1-50¢; 10-\$4.00) (Bblts. 10-60¢; 100-\$4.80.)

WAR PAINT

CLASS 436

A large scarlet which opens 8 or more florets on a 22-bud spike. Height 54", flower-head 27" Because of its strong, straight stem and long flower-head it makes an excellent garden Glad. as well as cut-flower and show variety. War Paint continues to turn in a good performance at the shows.

(L 1-50¢; 10-\$4.00) (M 1-35¢; 10-\$2.80)
(S 1-25¢; 10-\$2.00) (Bblts. 10-50¢; 100-\$4.00).
